

Los Angeles County Metropolitan Transportation Authority (Metro) 

Community Relations Officer Robyn Lopez • 8 Jun

Metro: I-10 ExpressLanes Extension. Reminder: You have until Friday June 10, 2022, to provide official comment.

Metro, in coordination with Caltrans, is initiating an Environmental Impact Report/Environmental Assessment (EIR/EA) for the proposed I-10 ExpressLanes Extension project. The EIR/EA is under development to evaluate the potential environmental impacts associated with the implementation of ExpressLanes or additional HOV lanes on the I-10 corridor between I-605 and the Los Angeles/San Bernardino County line.

We encourage you to submit comments on the proposed alternatives, purpose and need, as well as help identify and inform the issues that may need to be addressed in the environmental process.

For additional details, please visit <https://www.metro.net/projects/i-10-extension/>
